### ABOUT ME

I am an ICT undergraduate student at the University of Colombo, pursuing a Bachelor of ICT (Honours) degree. With a strong interest in UI/UX design and Web development, I focus on creating clean, intuitive, and user-centered digital experiences while also building functional and scalable web applications. Skilled in Figma, wireframing, prototyping, HTML, CSS, JavaScript, and backend technologies, I enjoy transforming ideas into visually appealing and fully functional interfaces. I am seeking an internship in **UI/UX design** or **Web development** where I can contribute creatively and further develop my technical and design expertise.

### EDUCATION

**Bachelor of Information And Communication Technology (HONS)**  
University of Colombo

2023 - Present

Undergraduate | Current GPA 3.4

**G.C.E Advanced Level**  
Ananda College - Colombo 10

2021/22

Results: 2A's | 1B  
Z score 2.3839

### PROJECTS

**FOT Live - News App (UI / UX Design)**  
Figma

Designed a faculty news app with a clean and intuitive interface, focusing on usability, accessibility, and modern UX principles.

**Elephant House Beverage (UI Design)**  
Figma

A crisp, colorful Figma design for Elephant House Beverages with a refreshing user experience.

**FOT Live - News Android App**  
Android Studio, Firebase

Implemented the UI/UX design of a news app into a fully functional Android application.

**Animal Kingdom Explorer**  
Adobe Animate, HTML, CSS, JavaScript

Developed an interactive educational web app with animations and user engagement features.

**Library Management System**  
HTML, CSS, JavaScript, PHP, MySQL

Web-based system to view, add, update, and delete book records with a clean interface.

**QR Attendance System**  
HTML, CSS, JavaScript, PHP, MySQL

Web app with QR attendance marking, secure login, and real-time database integration.
